An empty dinner bucket and a thread bare coat are teaching the workingman more about the tariff than all the cam-

better one of the knowledge Grators cannot of bond, paying the old rate of tax upon wipe out the testimony of the non-part it before the new rate went into effect. tisan trade journals that the last year of But prosperity did not last, and new Republican rule was the most prosperous year in the country's history.

NINETY per cent of all manufactures is labor and 10 per cent is raw material. The Republicans are looking after the 10 per cent and the Democrats are taking care of the 10 per cent. That is the position of parties on the tariff question.

THE theory of the McKinley law was that this country should produce its own printions made during the coming winsugar, and under the operation of a ter. The Democratic administration bounty the yield of augar in Louisana funy realizes the predicament in which alone jumped from 336,326,286 pounds in it has been placed, and if it can worry 1891 to 845,220,775 pounds in 1894.

THE new Democratic tariff has com menced "opening the markets of the world" by closing Cuba to American flour, a tariff of \$4.50 per barrel having been imposed there since McKinley reci procity was repealed.

THE hay crop of the United States in tariff reformers have invited our Canaprofits with American farmers; and they will do it.

PARAPHRASE Lincoln and keep it before the people. If Americans buy \$100. 000,000 worth of foreign manufactures we have the goods and they have the money. But if Americans buy \$100,000, 900 worth of American manufactures, we have the goods and the money both. and own people have employment. Up to the very day of its passage the

Democratic president, the Democratic ment. The know also that a deficit of press and every Democratic leader throughout the country denounced the been created in the United States tariff bill that is now the law, without Treasury under Democratic methods of the slightest change, in the bitterest terms. Now most of them are singing its praise and garly waltzing to the

WHATEVER improvement in business there has been since congress adjourned has been due to the fact that congress adjourned and to the additional fact men are pointing with pride to the allegthat it left enough protection in its tariff ed saving in public expenditures bill to enable some fectories to renew work at decreased wages.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incyrable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, profailing to cure with local treatment, pro-nounced it incurable. Science has will take \$10,000,000 more." There is no proven catarrh to be a constitutional disease, and, therefore, requires con-stituional treament, Hall's Catarrh Core, manufactured by P. J. Cherry & Co. Toledo, Ohio, is the only constitu-tional cure on the market. 'It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for a Democratic administration. circulars and testimonials. by Druggists, 75c. Tott's Pills make a robust body.

Under our Australian ballot the law relating to bribery is a very severe one. and for the Senefit of all-both candidate and voter, we give below the three important sections relating thereto. To offer a man a dollar or promise of place of employment, to vote for or against a candidate is certainly a grave offense and we hope every voter and candidate will read the law:

Sec. 3722. If any person shall, directly or indirectly, give or procure to be given, or engage to give, any money, gift or reward, or any office, place of employ-ment, upon any engagement, contract or agreement, that the person to whom, or to whose use, or on whose behalf, such gift or promise shall be made, shall, by himself or any other, procure or endeavor to procure the election of any person to any office, at any election by the electors, or any public body, under the constitution or laws of this state, the person of any product shall on conviction be son so offending shall on conviction be adjudged guilty of bribery, and punished by imprisonment in the penitentiary for a term not exceeding five years. (R

S. 1879, 1874.)
SEC. 3723. Every person who shall, by himself or another, to his use or on his behalf, accept or receive any such money, gift or reward, office, place or amployment, or any promise or security therefor, upon any such engagement, contract or agreement as specified in the preceding section, shall be adjudged guilty of bribery, and shall forfeit the full amount of such money, gift or reby imprisonment in the penitentiary for a term not exceeding five years. (R. S. 1879, 1475.)

Sec. 3724. If any person who shall have, or claim to have, a right to vote in any election authorized to be held by the constitution or laws of this state, in any such election, the person so of-fending shall, on conviction, be adjudg-ed guilty of a misdemeanor, (R. S. 1879,

How the Times Improve. The dispatches read: The condition of the United States Treasury is again

causing alarm at Washington." from customs and internal revenue during the month of October will fall about nine million dollars short of the expenditures of the government. Not only Call and See These that but the rate of foreign exchange; as rising in New York, and it has almost reached a point (where gold shipments to Europe will again be profitable. The gold reserve is now only about sixty millions of dollars, and during the first

There they ever knew before, and the elections was an abnormal increase in the receipts thus far held show that they are making from customs, and also a big jump in

Secretary Carlisle must face another bond issue or refuse to meet a large part of the obligations of the government as they fall due. Not only are the receipts running be hind the expenditures, but the approprintions during the first session of the

present congress were so scaled down for political purposes that big deficiencies must be provided for in the appro along until after the election without a bond issue it will do so in the hope that the real condition of affairs will not be come apparent to the voters. This is p obably one of the reasons why no attention has been paid to the law passed in 1875, which requires that estimates of house are put upon the markets at half the expenditures of each department for the next fiscal year shall be submitted

1893 was 65,766,000 tons, and its value to the secretary of the treasury by the was \$570,882,872. This year our esteemed | head of such department not later than October 1. Thus far only the Departdian brothren to jump in and share the | ment of Agriculture has submitted such an estimate for the ensuing year, and it is clear that the Democrats do not want to let the voters know how completely they have belied their pretenses of economy" and "reform" in the matter of governmental expenditures. The voters cannot be fooled, however

Every man who can read knows that this administration is the first since Buchanan's which has found it necessary to issue bonds in a time of peace to pay the running expenses of the governmore than seventy million dollars has financiering.

If the men who are responsible for this condition of affairs are not voted out of power at the first opportunity we shall be greatly mistaken.

Down in Dixie.

While Northern Democratic congress achieved by the late congress and carefully concealing the fact that it was made by cutting off the pensions of Union soldiers, the confederate brethren are more outspoken. Representative Sayers, of Texas, in a speech recently delivered at Marble Falls, in that state, boasted that "we have taken \$11,000,000 a vay from those fellows who came down here and murdered our people, and when beating about the bush here, no pretense of economy, nothing but a brutal boost that the pension list has been cut down 611,000,000 and will be cut down Fid. 50,000 more at the next session o congress. As chairman of the House committee on appropriations, Mr. Saymus and intentions of the Democratic party. He is a suitable mouthpiece for

More evidence of the manner in favor of the farmer comes to light every day. The new sugar trust tariff law has reduced the tariff on hay from \$1 te \$ per ton. What is the result? Already, in the few weeks since the law passed the shipping of hay from Canada to the count of it. In the coming year the hay of .Canada, raised on cheap land by cheap labor, will flood all the border markets along the lakes and the St. Lawrence river, and hay crops will suffer by the displacing from our own market of just as much hav as comes from tage of the foreign producer through the Democratic tariff law.

veloped it will prevent the attack. 25 is equivalent to a bounty of \$2 per ton and 50 cent bettles for sale by Clark O. upon Canada hay and taxes the American bay the equivalent of \$2 per ton for

Just so as to oats. Canada has alinterprise and progress. He is a fitting ready sent to the New York markets unsample of the young Republicans of the der the new tariff law, which discrimi cattle are crowding his market; that the Canadian farmer puts his hay, oats, egge, potatoes, etc., into American markets which the American producer can supply at a shade lower prices; that the products of European labor are dumped into markets which the products of American labor have filled for several years?

In the can to advance the material interests of St. Joseph and Buchanan county and of the Fourth congressional district. Will the people vote for him or for his opponent who is identified with the unpregressive spirit of the country?

NINETY two men with records of crim
shipment deprive the farmer of a market for a like quantity, but it reduces the market price of every bushel raised by American farmers. This year Canada raised nearly 100,000,000 bushels of oats. The United States raised about 650,000,000 bushels. Now if Canada ships only 1,000,000 bushels to New York under the reduced price in the New York. Ninery two men with records of criminal conviction are found to be serving on the New York police force. One of them has been convicted sixteen times, and, strange to relate, he is not the Chief yet.

about 4 cents a bushel and sells those oats at a reduced price in the New York market, that sale reduces the price and value of every bushel of the 650,000,000 bushels produced on our own soil. That is how the patch-work tariff law benefits the farmers. Vote the entire Republican ticket from top to bottom.

"Every tree Democrat and every sincere tariff refermer knows that this bill in its present form, and as it will be submitted to the conference, falls short of the consummation for which we have long labored, ter which we have suffered defeat without discouragement, which in its anticipation gave us a railying cry in our triumph, and which in its promise of accomplishment is so interwoven with Democratic pleages and Democratic success that our abandonment of the cause of the principles upon which it rests means party perfidy and party dishoner."—GROVER CLEVELAND.

Womanly Women. Says a well known woman write-The philosophy of dress is to look . as much like a woman as possible. This doesn't prevent one from wearing vests and dickeys and high collars and all masculine sounding parapher naha. It isn't so much what one wears as how she wears it-with what graces of mien and what sweetness of visage. The best dressing is to clothe the heart with kindness and the mind with liberality and to be clean. With these, style doesn't matter. They make all the difference between a woman and a fashion plate. The most beautiful woman I have ever seen was a siender girl of 19, in a simple morning grown of black alpaca; the next most beautiful, a woman of 60, who never suspected her charm, but was full of grace of mind and heart.

Hard Winter Signs.

These who study omens say snother ong, cold winter, filled with blustering storms, is ahead. The goose bone is nearly all white, and snow, they say, will lie on the ground from early in December until April, or later. Corn husks are more than usually thick. The maize has put on an extra overcoat to protect itself from the zero temperature to come. Woodchucks and chipmunks are already fat enough to kill, and their \$ 6 00 and \$ 7 00 fur is dense and fine and soft.
